Associated Press Service:

KIRKSVILLE, Mo., May 22.—One person is reported to have been killed and several injured as a result of a tornado that swept Newton, Sullivan county Sunday night. It is also reported that several were injured in Harris, in the same county. Damage to wires has made communication virtually impossible.

DENISON, Texas, May 22.—Nine persons were killed and 38 injured, and Kemp City, Okla., eight miles east of Denison, was wiped off the map by a tornado which last night swept a path three-quarters of a mile wide and five miles long in the Kemp City section. Only three small dwellings remain standing in Kemp City.

Twelve business houses, a two-story hotel and 60 residences were demolished in Kemp City. This is the second time in recent years that the little town of 300 inhabitants has been visited by a tornado. Merchants said that the town probably would not be rebuilt. Eight were killed in the town, while the other victims, a child, was killed in the collapse of its father's home, just across the Red river in Texas.

## Irish Labor Leader Resents Verbal Attack

CHICAGO, May 22.—James Larkin, an Irish labor leader and founder of the Irish "citizen army," who has been living in Chicago for some time, leaped from the stage of a downtown theater, cleared a brass railing and landed in the orchestra pit Sunday, and attacked Matthew Thomas Newman.

The disturbance came during the preliminary stages of a mass meeting called to protest against the execution of James Connolly and 13 other Irish revolutionists.

Dr. K. A. Zurwaki of the Polish federation, was speaking. Larkin, billed to speak later, sat near. When Zurwaki said "the English certainly murdered the Irish in true Russian fashion," the majority of those present applauded heartily. Not so Newman, who sat near the front. "I am as good an Irishman as there is here today," he said. "I have lived in Ireland and my mother came from a long line of Ireland's best. But such ballyrot makes me ill. I say, why do you try to put over such a ridiculous drive?"

houses had stood. The two-year-old child of Dr. and Mrs. Brinson, who were killed, was hurled 500 feet with flying debris, when the Brinson residence was destroyed, but the child suffered only minor injuries. After the storm passed, emergency treatment was given the injured in darkness, with rain falling in torrents. A special train, carrying 12 physicians from Denison, did not reach Kemp until several hours after the tornado passed.

## STOCKHOLM HOLDS TWO BIG PEACE DAY MEETINGS

To Ask Swedish Government to Cooperate With Other Neutrals for Conference to End War.

Associated Press Service:

STOCKHOLM, May 22, via London.—Sunday was peace day in Stockholm. Two big mass meetings were held and resolutions adopted requesting the Swedish government to act with other neutrals to bring about a conference for mediation in the present war and to establish a world conference after the war, which would make such a catastrophe as the present impossible in the future.

The meetings were addressed by prominent Swedes and representatives of neutral countries from Holland, Switzerland, Denmark, Norway and the United States. Miss Emily G. Balch of Wellesley college, and Louis P. Lochner, general secretary of the neutral conference for mediation, representing the latter country. The principal address was made by the socialist leader, Hilmar Branting, who declared that no people wanted peace more than the Swedes.

Deputy Branting said the smaller neutrals looked to the United States to take the lead in dealing with the problem of peace. The neutrals were glad that the United States had accomplished so much in the submarine controversy and hoped that country would now devote itself to the question of peace. All references to the United States were loudly cheered.
